

DIRECTOR OF CENTRAL INTELLIGENCE
Human Resources Committee

Office of the Chairman

HRC-C-77-085

58 NOV 1977

MEMORANDUM FOR: Members, Human Resources Committee

SUBJECT: Identification of Glossaries

25X1 1. ☐ At the request of the DCI, the Intelligence Community Staff's Office of Policy and Planning is chairing an inter-agency Intelligence Definitions Working Group (IDWG) which is attempting to do on an all-source basis essentially what the HRC has done in developing the National Foreign Intelligence Plan for Human Resources (NPHR) Glossary of Intelligence Terms. The IDWG is drawing on the NPHR Glossary to a significant extent in developing language for all-source definitions.

25X1 2. ☐ In addition to developing its own language for intelligence definitions, the IDWG is compiling an index of intelligence dictionaries or glossaries which will remain in use within individual collection disciplines, particularly within individual departments and agencies. The three DCI Collection Committees (Human Resources, SIGINT, Imagery) have been asked to identify such dictionaries or glossaries for the IDWG. We are asked to provide the title of the dictionary or glossary and, in such case, a descriptive sentence or two about its purpose and use. I believe it might be useful also to include the effective date of the dictionary or glossary, where that is known.

25X1 3. ☐ There follows examples of the kind of listings being solicited by the IDWG. Please identify others for us so that we may put together a comprehensive Human Resources Community listing of such dictionaries and glossaries.

- a. National Foreign Intelligence Plan for Human Resources (NPHR), Annex E: Glossary of Intelligence Terms (approved by the DCI on 4 July 1977). To be used in dialogue and written communications pursuant to implementation of the NPHR.

I would appreciate receiving your replies to this request by the end of November or as soon as possible thereafter.
